Dear Malathi

At the Safe Newcastle Board meeting held on 18 February, it was unanimously agreed that I should write on behalf of all the members to thank you for your contribution to Safe Newcastle over the years and to wish you well in your new role in Public Health.

In your role as a Board member, member of Responsible Authorities and many other groups you have played an important part in ensuring Safe Newcastle is a high achieving, effective partnership. In particular your vital role in developing the Newcastle Alcohol strategy is much appreciated.

Your experience of Public Health and expertise in exercising good judgement and developing good relationships with a wide range of partners has proved invaluable.

We wish you well in the future, hope you enjoy your new areas of work in Public health and trust that we can work together once more in the future

Best wishes

Councillor Anita Lower  
Chair Safe Newcastle
